

## TENDER NOTICE

**RFP Titles: Request for Proposal (RFP) for Printing, Production and Installations of 6972 Display Boards in 1339 Community Clinics, 354 Union Health & Family Welfare Center and 50 Upazila Health Complex (4 in each Place).**

The Community Nutrition and Health Activity (CNHA) project is addressing the inequitable nutrition and other health outcomes of the most vulnerable segments of the population through a targeted community health system strengthening approach. The USAID's CNHA project aims to improve women's and children's nutritional status within the first 1000 (one thousand) days of life, from pregnancy to the child's second birthday. CNHA is working in 434 Unions of 50 Upazilas (sub-districts) under 14 Districts from Bangladesh's Haor, Coastal, Northwest (Char), and USAID Bangladesh priority regions.

Visual Communication Ltd. (VISCUM) is working for CNHA project to increase the adoption of critical-priority nutrition, FP, sanitation hygiene, and other health behaviors through targeted and tailored innovative SBC activities that reach households and communities. It supports the Social and Behavior Change (SBC) elements of the CNHA project. As part of the ongoing activities of CNHA, VISCUM is undertaking the task of installing 6972 display boards with various health related messages in 1339 Community Clinics, 354 UH&FWC and 50 Upazila Health Complex (4 in each place) across its project areas and hereby inviting the Technical Proposal & Financial Proposal from interested, experienced vendors. The details of the task are as under:
